THE PROJECT

The project **SIDE: “Sharing Intercultural Diversity in Employment”** aims to promote youth employability by providing to youth workers working with young people with fewer opportunities capacity building, training and tools already tested in different contexts of job orientation.

Moreover, the project seeks to empower young people by promoting the self-recognition of skills and capacities that lead to stable and prosper careers.

SIDE is being implemented by *Arciragazzi Portici* and its partners *Vedogiovane Società* in Italy, *AHORA ONG* and *OBRE'T'EBRE* in Spain, *Generation 2.0 for Rights, Equality & Diversity* and *KANÉ* in Greece.

The 6 partners will focus on the intercultural exchange of know-how in the job orientation field by involving in this process Youth Workers and young people with fewer opportunities.

SIDE started in October 2023 and it will be completed in September, 2025.

Vedogiovane works both with young people (individuals and youth associations) and the local administration, encouraging dialogue and cooperation. By participating in international projects, we can send active youth (from associations as well as young politicians) to gain new experiences and viewpoints and to benefit from the exchange and transfer their experiences back to the local community. Young people should be considered as responsible citizens, therefore Vedogiovane strongly believes, they should have an active role in decision making processes, starting from the local level.
